

Volume 2, Issue 4

October/November 2021

Fall is creeping up on us slowly. The weather is more like summer but the change is sure to come. Alpha Delta Kappa has had so many changes these last two years just as our Chapters and individual Sisters have. However, because we are rooted so well... We see growth in our Sisters. Alpha Delta Kappa is learning to change and grow as we progress further. Thank you all for weathering the storms (trials and challenges). In spite of or because of ...We are becoming stronger! Keep on spreading those roots so Daisy can stand up to the tests (as teachers usually do):

DEVOTED, ALTRUISTIC, INVOLVED SISTERS YEARNING to Grow and Learn

### **ALPHA DELTA KAPPA AGNES ROBERTSON GLOBAL OUTREACH (ARGO) SCHOLARSHIP**

The annual Agnes Robertson Global Outreach (ARGO) Scholarship promotes World Understanding by providing an opportunity for professional growth both through the study of other cultures and the development of classroom resources to share newfound understanding. International travel is an acceptable use of the scholarship funds, but it is not required as an immersive study is suitable. The annual scholarship awards up to \$2,500 to an Alpha Delta Kappa member actively involved in education. The application process opens on November 15, and completed applications are due by February 15, 2022. Application guidelines, samples, and restrictions are available on the AΔK website under Scholarships. All applications are to be completed On-Line at Kaleidoscope.

### **Roots**

These are some quotes I found by others (I do not know from who they came from – printing too small.)

**Always remember your roots: they are the foundation of your life and the wings of your future.**

**A tree with strong roots laughs at storms.**

**A tree's beauty lies in its branches, but its strength lies in its roots.**

Last Saturday, I said this at Eta's meeting: As our Founders faced struggles; we do as well. Our roots are deep. They have taught us to grow. They may grow in a direction we had not planned but they grow. Roots may spread with new ideas, new Sisters, and reconnections within our root system. All are important and special. We are blessed with Alpha Delta Kappa Sisters to help us grow within our self and with others. Thank you

All!
